- Production facility in London with approximately 180 employees acquired
- Consultation process with employees (TUPE) successfully completed in January

**Dusseldorf/London, 02 February 2026** – Katjes International, through its subsidiary Future Snacks Ltd., today closed the acquisition of 100% of the shares in Nature Delivered Ltd. (“Graze”) from Unilever, as planned. Following the agreement signed on 1 December 2025, the transaction has now been completed on 2 February 2026. All customary closing conditions as well as the statutory TUPE employee consultation process were fulfilled in per end of January 2026. The transaction has therefore been successfully completed.

Following the successful acquisition of Graze, Katjes International expects to generate revenues of approximately EUR 100 million in the United Kingdom in the current year.

Graze has been B Corp certified since 2021 and is one of the leading brands in the “Healthy Snacking” segment in the United Kingdom, with a strong presence in the local grocery retail market. The high degree of overlap between Candy Kittens and Graze in terms of customer base and distribution channels makes the acquisition an ideal addition to Katjes International’s brand portfolio.
